Subject: New FOIA Request EPA HQ 2016 003259

Dear all:

We have been assigned a complicated FOIA Request regarding the development of the September 2010, report "Toxicological Review of Chloroprene" (EPA/635/R-09/010F) and its previous draft versions (EPA/635/R-09/010A & NCEA-S-0932). They are

requesting, among other things, all communications within EPA, between EPA personnel and EPA contractors, between EPA personnel/contractors and DuPont, between EPA/contractors and Louisiana Department of Environmental Quality and all studies upon which EPA relied in developing these documents.

This is a big one. I will set up a meeting/conference call early next week to discuss an approach.

Thank you.

Chris
